Information Systems
Undergraduate (2024 - 2028)

Bina Nusantara University

GPA: 3.92 / 4.0

PROFILE

Information Systems student with experience in solution implementation, web development, and business process optimization. Skilled in JavaScript, Next.js, React, Tailwind CSS, Sanity CMS, and low-code platforms. Strong in problem-solving, process analysis, and teamwork, with a passion for leveraging technology to improve business operations and user experience.

WORK EXPERIENCE

People Developer

July 2026 - Present

HR / Administrative Intern

- Prepare and maintain Minutes of Meeting (MoM) and consultation notes to document key discussions, decisions, and follow-up actions.
- Organize and maintain Google Drive and shared storage, ensuring documents are properly structured, accessible, and up to date.
- Support HR process improvement by creating process flowcharts and reviewing SOPs, forms, and related documentation.
- Manage and maintain Zoho Mail, including account administration and email-related support.

Mekari

March 2026 - May 2026

Solution Engineer Intern

- Analyze client business requirements and deliver customized solutions using Mekari products within the Solution Implementation (VAS) team.
- Develop custom workflows, automations, and system configurations using JavaScript and the low-code/no-code platform, Mekari Officeless to support implementation projects.
- Ensure successful solution deployment by aligning system functionality with client needs while strengthening expertise in SaaS implementation, business process analysis, and problem solving.

Citra Tekindo Pratama (MedikaOne)

May 2025 - February 2026

Frontend Web Developer intern

- Developed 4+ responsive landing pages using Next.js, React, Tailwind CSS, and Atomic Design principles.
- Collaborated on production-ready web projects, strengthening front-end development and responsive design skills.
